## Standards For Stallions

By A. S. HEWITT

**W**HAT makes a good stallion? Can a horse's merit be predicted with accuracy before he has sired a foal? Or is it altogether luck and guesswork?

The truth lies somewhere between these extremes. The purpose of this discussion is to assist Virginia breeders in appraising the probable value of their own stallions.

For every breeder secretly hopes his new stallion will prove to be another BULL LEA, and most breeders know how very rare such exceptional stallions are.

The main things we know about a stallion when he goes to stud are:

1. **INDIVIDUALITY:** his size, quality, constitution, soundness, action, temperament.

No horse is perfect in all these respects. Even ST. SIMON, the most influential sire in the world during the last seventy-five years, had curby hocks. And his temperament was so high strung that for years only one man dared go in his box. This attendant was completely bald, and the idea was current that this confused ST. SIMON since he could not tell if the man was going or coming.

As to size, the late Federico Tesio, the great Italian breeder of NEARCO, DONATELLO II, and RIBOT, once told the writer that he was strongly prejudiced against burly, oversized stallions. One example would be JOHNSTOWN, who was a race horse of the highest class, but whose stud career did not rival his racing class. Another great example would be CHALLEDON.

While my own experience has confirmed Tesio's observations on this point, it is only fair to point out that Tesio himself used HURRY ON, a seventeen hand horse. Yet HURRY ON while tall was by no means massive and lumbering. He was in fact quick and supple as a cat. A small horse who has made a fine sire is PRINCEQUILLO.

Quality, constitution and soundness all speak for themselves. How many times have you heard breeders lament: "If he would only get sound horses, he would be the greatest sire in the world?" Once the transmission of unsoundness is a known characteristic, such aspirations are like Dr. Johnson's definition of second marriages: "The triumph of hope over experience."

However, it does not do to be too dogmatic about the transmission of soundness in advance. BLANDFORD had very upright short pasterns and bowed tendons in both forelegs after only four races. Yet he was a wonderful sire, getting four English Derby winners in eight years. GALLINULE was another splendid sire who suffered from varieties of

unsoundness—roaring and breaking blood vessels. He sired the immortal PRETTY POLLY and many others.

Nevertheless, soundness is an important factor. "The race may not be to the swift, but that is the place to look."

As to temperament, most great sires I have seen were well charged with "electricity." But this was not true of TEDDY, SIR GALLAHAD III, BULL DOG, and BULL LEA, so far as could be seen from a half dozen visits or so. One cannot be universally dogmatic on this point.

2. **PERFORMANCE:** Nearly all horses going to stud have been performing in public. Hence their capacities are generally known with respect to precocity, speed, distance capacity, class and improvement or deterioration with age.

The best guide here is to look at the very most influential sires for the last 100 years and examine their actual performances:

## ENGLAND:

- NEWMINSTER** (1848)—A very high class though delicate horse, of good speed, won the St. Leger at three (1½ miles.)
- STOCKWELL** (1849)—A good two-year-old. Won the 2000 guineas (1 mile) and St. Leger (1½ miles.)
- HERMIT** (1864)—A high class two-year-old. Won the Derby (1½ miles.)
- GALOPIN** (1872)—Only defeated once, and then by a short head after bumping match. Won the Derby (1½ miles.)
- HAMPTON** (1872)—A very small two-year-old. Began in selling races and ended as a first class Cup horse, up to any distance.
- ISONOMY** (1875)—Won once as a two-year-old. Ran only once at three to land an enormous betting coup in the Cambridgeshire (1½ miles.) At four won the triple crown of Cups, at Ascot, Goodwood, Doncaster, up to 2½ miles.
- BEND OR** (1877)—First class two-year-old. Won the Derby (1½ miles.)
- ST. SIMON** (1881)—Unbeaten—Won Ascot Gold Cup (2½ miles) as a three-year-old.
- CYLLENE** (1895)—First class two-year-old. Not entered in the classics, but best of his year. Won Ascot Gold Cup (2½ miles.)

REVIEW OF THE WEEK

## Round Table Carries 130 Pounds To Score Easy Victory

Raleigh Burroughs

After arriving at Santa Anita, Neil S. McCarthy's \*Seaneen turned in a series of blistering workouts, and when he won the San Carlos Handicap in courageous fashion, there was murmuring among the natives. It was remembered that the Irish-bred colt had missed by only a head behind Round Table, "and was catching him", in the Malibu Sequet, so the notion sprouted that this might be the one to make things interesting during the Arcadia meeting.

It was only a dream.

Round Table demolished the illusion in the San Fernando Stakes, a race for four-year-olds, on January 11.

So easily did Round Table accomplish his victory in the 1 1/16-mile test that Rider Bill Shoemaker spent the final furlongs admiring the fine green turf and floral embellishments of the infield, checking the crowd and figuring out what ten per cent of \$15,750 amounts to. Three times he looked back to make sure that the others had taken the right course.

The time was 1:42 1/5, excellent for a workout.

Round Table, under 130 pounds, came out of the gate running and dared them to come to him. By the time he was in the middle of the backstretch, his lead was about four lengths. \*Seaneen tried to make a race of it, but only succeeded in emphasizing the winner's superiority.

At the eighth pole, Round Table was still four lengths on top and made the gallop to the wire at half throttle. Those who offered up a \$2 oblation, received a 50-cent blessing.

The Searcher got home before \*Seaneen to collect second money.

Round Table's first 1958 start was worth \$15,750 to Owner Travis M. Kerr. The colt brought in \$600,258 in '57, with 15 wins, 1 second and 3 thirds in 22 starts.

He now stands eighth, with \$689,334, on the list of all-time money winners. The San Fernando prize pushed him past Assault.

Round Table is by \*Princequillo, from \*Knight's Daughter, by Sir Cosmo. He was bred by Claiborne Farm and ran his early races for that outfit.

Willie Molter trains.

\*Seaneen, third to finish in the San Fernando, launched his 1958 campaign one week earlier (January 4) in the seven-

furlong San Carlos Handicap. He chased El Khobar until fatigue claimed that one, and held off the wild charge of Porterhouse to eke out a nose victory. Porterhouse was 14th of 14 with a quarter of a mile to go, and had only two horses licked at the eighth pole.

Mystic Eye also closed well to get third. He was a neck back of the first two, and half a length before Terrang, fourth to reach the wire.

Handicapper F. E. Kilroe takes those crazy finishes with him wherever he goes.

The money award to the winner was \$37,000 and that went to the account of Mr. Neil S. McCarthy. Bill Finnegan trains \*Seaneen and Bill Harmatz was up for the San Carlos.

In '57, \*Seaneen won 7 races and \$43,700.

The four-year-old colt was bred in Ireland by the Irish National Stud Company. He is by \*Royal Charger, out of Tir an Oir, by Tehran.

With 24 three-year-old fillies entered for La Centinela Stakes (January 8) the Santa Anita front office split the six-furlong dash in two. Scratches dented the field, but the first half went off with eleven and the second with nine.

There was something to please every-

body.

The favorite, Alfred G. Vanderbilt's Stumbling Block, won the first division, and King Ranch's Well Away, at better than 38 to 1, took Section 2.

Stumbling Block, in contention all the way, displaced Hasty Score, early pacesetter, and resisted the determined Madam Chuck to win by a neck. The time was 1:11 2/5.

Stumbling Block (Stone Age-Balking, by Balko) was making her second 1958 start and registering her second win. The race was worth \$8,387.50 and made her total since January 1, \$11,137.50. She was first once, second twice and third once in 4 1957 starts.

Ray York rode Stumbling Block in La Centinela; Bill Winfrey trains for Vanderbilt.

Hank Moreno rode Well Away to her divisional win. The filly raced along a couple of lengths back of the pack of Mrs. E. B. and Nushie, and drove through in the stretch to win by a head over Winking Louise. The latter and Toong-Soong, which finished third, also moved up after the leaders had wrung themselves out.

Nushie hung on for fourth.

Though Well Away ran the sixfurlongs a full second faster than Stumbling Block (1:10 2/5), she earned \$300 less, as there were three less starting fees. Her pot amounted to \$8,087.50.

Like Stumbling Block, Well Away made her second 1958 start in La Centinela. Unlike Stumbling Block, she didn't win her first one.

Continued from Page 1

- POLYMELUS** (1902)—Good two-year-old. Won Cambridgeshire (1½ miles) and good stakes up to 1½ miles.
- BAYARDO** (1906)—Unbeaten at two. Won St. Leger and Ascot Gold Cup (2½ miles.)
- HURRY ON** (1915)—Did not run at two. Unbeaten at three. Winning substitute St. Leger (1½ miles.)
- GAINSBOROUGH** (1915)—Won one of three starts at two and triple crown and substitute Gold Cup (2 miles) at three.
- PHALARIS** (1913)—Won two out of three as a two-year-old. Won up to 1¼ miles. Could carry very high weights and show brilliant speed. Not quite in the classic tradition.
- BLANDFORD** (1919)—Very good two-year-old. Won Princess of Wales stakes (1½ miles) at three. Won three out of four starts.
- PHAROS** (1920)—High class two-year-old. Second in Derby. Best of his age up to 1¼ miles.
- FAIRWAY** (1925)—Best of age at two. Won St. Leger (1½ miles) and Jockey Club Cup (2¼ miles.)
- HYPERION** (1930)—Very high class two-year-old. (New Stakes, Ascot and Dewhurst Stakes, New Market.) At three won Derby and St. Leger (1½ miles.)
- NEARCO** (1935)—Unbeaten at two and three, winning Italian Derby and Grand Prix in Paris (1½ miles.)
- NASRULLAH** (1940)—Best two-year-old colt. Beaten two leads for Derby (1½ miles.) Won Champion Stakes (1¼ miles.)

## U. S. A.

- LEXINGTON** (1850)—Best colt of his time when four mile heats were the fashion.
- HANOVER** (1884)—Good two-year-old. Best three-year-old at any distance.
- DOMINO** (1891)—Brilliant two-year-old. Won first class races up to 1¼ miles. True distance capacity hard to judge as he bowed in yearling trials.
- COMMANDO** (1898)—Best two-year-old. Won Belmont and Lawrence Realization at three.
- FAIR PLAY** (1905)—Good two-year-old. Just beaten by undefeated Colin for the Belmont (1½ miles.)
- MAN O'WAR** (1917)—No comment needed. However, he was actually better over longer course than shorter.
- BULL LEA** (1935)—Good two-year-old. Just short of classic standard at three. Won Widener Handicap (1¼ miles) at four.

## FRANCE:

- MONARQUE DOLLAR** (1852)—Best horse of his time over all distances.
- LE SANCY** (1860)—First class Cup horse.
- (1884)—Not a classic colt but improved vastly in class and distance capacity up to six years old.
- FLYING FOX** (1896)—Top class two-year-old. Won triple crown at three.
- TEDDY** (1913)—Did not run at two. Did most of his racing in Spain. Probably the best colt of the war years over any course.
- BRULEUR** (1910)—Did not run at two. A mighty stayer, winning Grand Prix de Paris (1½ miles) and many other distance races.

- TOURBILLON** (1928)—Good two-year-old. Won French Derby (1½ miles) and just beaten for Grand Prix. Generally regarded as the best stallion developed in France.
- PHARIS** (1936)—Did not run at two. Won French Derby and Grand Prix (1½ miles.) Unbeaten.

Reviewing the long line of the very greatest stallions, certain facts about their performances stand out:

- A) None of them showed marked deterioration, following their two-year-old form.
- B) None of them can be regarded as a pure sprinter—having a distance limitation of six or seven furlongs.
- C) Most of them were colts of high form at two, and form as high and in most cases higher at three or more.

In other words, as a group, these were horses of superior speed plus superior stamina. Speed alone is not enough, and very rarely is stamina alone enough. (Bruleur, etc.)

## PEDIGREE:

This is a very extensive subject and a few brief observations must suffice.

(1) The wholly "chance bred" horse rarely makes an outstanding stallion, however good his own performance on the track. ALSAB was a great performer, but has not been an equally great sire.

(2) On the basis of 150 years of Derby and St. Leger winners in England, "out bred" sires—that is whose pedigrees show five or more "free generations"—have twice as good a chance of success as "inbred sires"—that is, whose pedigrees show inbreeding with two generations or less.

This is not to say that no inbred sires succeed. GALOPIN with two "free generations" and FLYING FOX with one "free generation" were excellent sires.

However, the greatest sires of the breed, such as STOCKWELL (17 classic races), ST. SIMON (17 classic races), and BULL LEA have been "out bred."

(3) As a general proposition, the stouter a stallion's pedigree is, the greater the likelihood of his success. Of twenty colts which won both the Derby and St. Leger, eight came from stout (not sprinting) female lines. These all made good stallions. Of the remaining twelve, only six made good stallions.

Obviously, the more "solid" a pedigree is with merit, and the fewer "blank spots" there are, the better. One example of a horse better at stud than on the track was TOURBILLON, generally regarded as the best stallion in the history of France. TOURBILLON won the French Derby but was narrowly beaten in the Grand Prix. He was a very good but not outstanding race horse. Consider his pedigree. His sire was KSAR, the greatest horse of his time, whose dam KIZIL KOURGAN was perhaps the greatest mare that has run in France. She won the Fr. 1000 guineas, Fr. Oaks, Grand Prix and Royal Oak (Fr. St. Leger.) Her dam KASBAH also won the Fr. Oaks. TOURBILLON'S own dam DURBAN, was the best two-year-old of her year, and won first class stakes at three. The second dam won the Fr. 1000 guineas, and the third dam was the American stakes winner FRIZETTE, a great brood mare.

Here was a pedigree without a blank and one could almost be sure TOURBILLON would be a great sire.

As against this, ST. SIMON, the greatest of all modern sires, was by a first class race horse and sire GALOPIN, out of a 16-year-old dam who had done very little on the turf and had bred very little before him. His own racing class was so superlative one was bound to keep an open mind about him.

Furthermore, if anyone else can find any indication in the pedigree of GALLINULE that he was destined to become the great sire he showed himself to be, I confess I cannot. He was by a first class race horse and sire ISONOMY out of a mare by another first class race horse and sire HERMIT. But there are thousands of pedigrees equally good, and hundreds and hundreds of performances as good.

**CONCLUSION:** One cannot be dogmatic about pedigrees, but one can make educated guesses that will not always be wrong.

## VIRGINIA'S NEW STALLIONS

Ruth Kennedy

Of the 111 stallions listed by the Virginia Thoroughbred Association, 103 individuals are standing in the Old Dominion and 10 are newcomers to the ranks. Thus, the breeder may find a stallion to suit his taste be he looking for a race horse, field horse or show prospect.

While Call Over, ch., 1947, by Devil Diver-Duchess Anita by Count Gallahad is no newcomer to the stallion ranks, having formerly stood at Glade Valley Farm, Maryland, this is his first season in Virginia. From his first crop of six registered foals, 2-year-olds of 1956, came the winners Nah Hiss; Baseball Bob; One Nighter; and Mlle. Dianne (Miss Disco purse etc.). Owned by A. S. Hewitt and H. H. Polk. Standing at Audley Farm, Berryville, Va. Fee \$500, live foal.

Bumps, ch., 1953, by Knockdown- Head-first by Eurasian or Head Play.

A winning son of the Discovery sire Knockdown, sire of Right Down and Well Marked. Out of the producing mare Head-first, dam of the winner Warhead (Battle Morn). Owned by Mrs. Mabel C. Scholtz. Standing at Woodbourne Farm, Warrenton, Va. Fee \$100, live foal.

\*Daylight Express, ch., 1952, by Nearco - Enid by Wyndham.

Only son of Nearco in Virginia. Won the Omeath 2-year-old plate in Ireland at seven furlongs impressively. Imported to this country he made 8 starts before being retired to stud. Unfortunately he had sore shins every time he started. Tom Smith proclaimed him the "fastest horse he ever trained outside of Jet Pilot". Half-brother to Turk's Blood, winner of the Sixty Way Stakes beating Barton etc.;

placed in the Cambridgeshire and Searbrough Stakes etc. Owned by E. L. Stephenson. Standing at Kilmaurs Stud, Warrenton, Va., Fee, Private Contract.

Duc de Fer, br., 1951, by Spy Song-Lady Waterloo by \*Quatre Bras II.

Beginning his racing career as a two-year-old, he was undefeated in three starts including the William Penn Stakes. He has raced yearly since, earning \$225, 791, and has been a stakes winning speed specialist each season including at 6 the San Carlos and Christopher J. FitzGerald Handicaps at Santa Anita. Owned by J. Warfield Rodgers. Standing at Newstead Farm, Upperville, Va. Fee \$500, live foal.

Mister Gus, b., 1951, by \*Nasrullah - \*Fichu by Columbo.

Started 45 times, won 10, second 12 and third in four, earning \$427,300. He defeated, among others, Nashua in the Woodward Stakes at 1 1/4 miles; Summer Tan in the Arlington Handicap at 1 3/16 miles setting a new American Record of 1:54; and Bobby Brocato in the Kyne Handicap at 1 1/8 miles. Conceived in Ireland, but foaled in Virginia, Mister Gus' first, second and third dams were all stakes winners and stakes producers. Owned by Mrs. R. D. Lunn. Standing at Llangollen Farm, Upperville, Va. Fee \$5000, live foal.

\*Mr. Black, dk.br., 1949, by Full Said - Madame X by Fox Cub.

Bred in the Argentine where he started 13 times, won 6, placed 6 and was third once. Later raced in the United States earning \$162,017 including the Gulfstream Park Handicap at 1 1/4 miles; the Continental Turf Handicap at 1 1/8 miles;

the Ben Ali Handicap equaling the track record for 7 furlongs, 184 feet in 1:27; the Laurence Armour Memorial Handicap at 1 1/8 miles. Owned by a Syndicate. Standing at Audley Farm, Berryville, Va. Fee \$500, live foal.

\*Palestro, gr., 1953, by Palestine - Benane by Big Game.

Unraced son of the Irish stallion Palestine, stakes winner from 5 furlongs to mile including Coventry Stakes, Ascot, Gimcrack Stakes, etc. Palestine is the sire of Calcutta, The Robbi, The Rose of Sharon, etc.

Out of the winner of the Earl of March Stakes, Benane, dam of the winners Shamsheri, \*Bezaha and Sandwood. Owned by Mrs. Leigh G. Bishop. Standing at Locochee Farm, Middleburg, Va. Fee \$300, live foal.

\*Skeeter II, ch., 1951, by \*Nasrullah-Paravane by Fairhaven.

Ficelle is also the dam of the winners Gro Prince (\*Princequillo), and Easy Traffic (\*Coastal Traffic). Standing at Audley Farm, Berryville, Va. Fee \$250, live foal.

## *A Masterpiece... Even by Cadillac Standards!*

The magnificent Cadillac car for 1958 is, without question, a rare masterpiece in all the things that make a Cadillac . . . a Cadillac!

Certainly, it has had no precedent insofar as beauty is concerned. In its graceful symmetry of line and in its remarkable look of stature and substance, it is in a class all of its own.

Unquestionably, it is without counterpart by the way of interior elegance. Never before have Fleetwood coachcrafters combined such graciousness and luxury and spaciousness in a single interior design.

And, most assuredly, it has set its own extraordi-

nary pace in modern motor car performance. Its dynamic new engine, its more responsive transmission, and its new air suspension, now available as an extra-cost option, are simply a revelation.

We earnestly hope that you will take the time to see and drive this extraordinary new Cadillac at your earliest possible convenience.

Your Cadillac dealer will be delighted to give you full details on Cadillac's twelve new models, including the incomparable Eldorado Brougham.

## Inventory of Penna. Stallions

George J. Kappler

For the stud season of 1958 Pennsylvania possesses an excellent array of Thoroughbred bloodlines both in quality and quantity. Recent additions to the ranks of over 50 stallions in the Keystone State have been:

\***HALF CROWN**, ch., 1939, by Hyperion-Gwyniad by Salmon Trout.

Christiana Stables' proven sire of the winners of over \$1,250,000 arrived from Kentucky to stand at Richard McDevitt's Hillsover Farm, Malvern. This sire of six previous stakes winners including Money Broker, Bicarb and Parliament, had only 2 two-year-old performers in 1957, but both were of stakes caliber: Tempted won the Jeanne D'Arc Stakes of 1 1/16 mi. at Narragansett and Staysail was 3rd in the Pimlico Futurity.

\***KING'S CHARGER**, gr., 1953, by \*Royal Charger-Paloma by Bosworth.

This \$40,000 Irish yearling has filled out into a tremendous "double gray" of close to 17 hands with commensurate bone and power. In only one season of racing here, at 3, he won 4 races at his favorite distance of 1 1/16 mi., demonstrating both speed and stamina. A double cross of the popular "gray blood" is contained in his pedigree: through \*Royal Charger's 3rd dam Mumtaz Mahal and through

\*King's Charger's 2nd dam, who was by Tetratema.

Standing at Indian Rock Farm, the new Thoroughbred nursery of Castle Rock Farm (Joseph Giangliulo) near West Chester.

**QUIZ SHOW**, b., 1947, Apache-Dou Douia by Wise Counsellor.

Recently returned from Maryland, this speedy stakes winner of 5 out of 6 starts at 2 is now a successful young sire of 6 winners including one filly who placed in stakes at Hialeah. Will stand at the excellently designed stallion barn of Mr. D'Onofrio's Cedar Grove Farm near Media.

Some of the promising young stallions who turned the corner of success with important winners in 1957 are:

**GOLD BULL**, br., 1944, by \*Bull Dog-Columbia Girl by Jean Valjean.

**HALTER**, blk., 1947, by Haltal-Buzncuzn by Port Au Prince.

**INDUSTRIAL**, br., 1946, by \*Beau Pere-\*Shining Cloud by Solario.

**I AM**, b., 1946, by Bimelech-Liz F by Bubbling Over.

**KING'S PRINCE**, ch., 1947, by \*Princequillo-Kingcella by Burgoo King.

**PREPARED**, b., 1947, by Roman-Royal Imp, by \*Royal Minstrel.

## THE CHRONICLE

**SLAM BANG**, b., 1946, by Shut Out-Offensive by \*Sir Gallahad III.

The older veterans like Bless Me, Chaldon Heath, Colony Boy, Heather Broom, Incoming, Secnav and Zayin continued to send out their share of good winners.

Duchess Pol's dam and grandam were both stakes winners and her third dam produced the stakes winners Infinite (also sire), Star Realm, and King's Champion.

Mad Duchess is a Florida-bred and is eligible to all Florida-bred races and is also eligible to the Gardenia Stakes at Garden State and the Florida Breeders Futurity.

### CHALLEDON DIES

Challedon, earner of \$334,660 at the tracks and sire of the winners of nearly \$3,500,000, died Jan. 10 after suffering a broken foreleg in his paddock at Ira Drymon's Gallaher Farm, Lexington.

# MARYLAND'S NEW STALLIONS

Snowden Carter

Seven newcomers will join Maryland's roster of 92 stallions for the 1958 breeding season with the syndicated Career Boy heading the list of first season horses.

Not since the great Native Dancer was retired has a Maryland breeding farm claimed the distinction of housing a stallion which headed the Experimental Handicap during his two-year-old season.

Career Boy, topweighted at 126 pounds on the 1955 Experimental, will join \*Advocate and \*Northern Star this spring at the Windmill Hill Farm near Havre de Grace.

\*Advocate, imported last year from Australia, will also be serving his first term in Maryland at Peter Jay's expanding breeding establishment.

Other newcomers to Maryland include King's Stride, sire of the sterling sprinter King Hairan, and the very solidly-bred trio of Dictar, Promptness and \*Brunetto.

A thumbnail sketch of the newcomers follows:

**CAREER BOY**, dk.b., 1953, by Phalanx-Swanky, by \*Mahmoud.

Winner of \$251,089 in three seasons of campaigning, Career Boy boasts outstanding credentials. He led the Experimental Handicap of 1955 - assigned 126 pounds by F. E. (Jimmy) Kilroe as against

125 for Nail and Needles and 124 for Prince John - winning two stakes and placing second in two others. The following season as a three-year-old he was voted best grass performer of the year by the Triangle Publications Staff, climaxing his campaign with a triumph in Atlantic City's \$100,000 United Nations Handicap. Cornelius Vanderbilt Whitney, owner and breeder of Career Boy, sent his colt to France to compete in the Prix de l'Arc de Triomphe in both 1956 and 1957. In 1956 he ran a quite creditable race at Longchamp, finishing fourth to Ribot, the undefeated Italian wonder horse. Obviously not as near top form last year, his 1957 performance in Europe's richest race was quite below par.

Career Boy's dam, Swanky, is a full sister to First Flight, leading two-year-old filly of her year. The young stallion is being syndicated at \$3,000 per share and will stand for a \$750 live foal guarantee this year at Peter Jay's Windmill Hill Farm, Havre de Grace, Md.

\***ADVOCATE**, b., 1949, by \*Confessor-Symphony by Eastern Monarch.

Imported from Australia in September, \*Advocate was a tremendous performer in his native land, gaining thirteen stakes victories while establishing time records

## THE CHRONICLE

for stakes at a mile and an eighth and a mile and a half. Unplaced only four times in 17 starts at weight for age, he ranks sixth on the list of Australia's greatest stakes performers. \*Advocate established time records while winning the mile and a half V. R. C. Derby and the mile and an eighth Tattersall's Chelmsford Stakes. His greatest weight carrying feat was in winning the mile and a half City Tattersall's Cup in which he was shouldered with 139 pounds. Fee for the 1958 season has been set at \$500 and the nine-year-old horse will make his residence at Peter Jay's Windmill Hill Farm, Havre de Grace, Md.

**KING'S STRIDE**, br., 1947, by Coldstream-Royal Sandal by \*Royal Minstrel.

Making his first season in Maryland after several successful years at the Ocala Stud Farm in Ocala, Fla., King's Stride is best known for having sired King Hairan, leading stakes-winning two-year-old of the 1956 season who at year's end was weighted at 122 pounds on the Experimental Handicap. King's Stride will stand for a \$750 fee at the Windy Hills Farm of Thomas R. O'Farrell in Westminster, Md.

\***BRUNETTO**, gr., 1948, by Dante-Cincture by Hyperion.

This gray English importee was rated as a highly capable miler in England where he was unplaced only four times in 26 starts. He won four stakes in England during three seasons of campaigning. His bottom line is notable in that his first four dams won stakes races and produced stakes winners. His 1958 fee is set at \$250, and he will make the season at Thomas R. O'Farrell's Windy Hills Farm in Westminster, Md.

**BLAZING COUNT**, gr., 1952, by Count Fleet-Obedient, by \*Mahmoud.

A winner at 2, 3 and 5, Blazing Count achieved his greatest public notice when finishing second to Nashua in the 1955 running of the Belmont Stakes. His dam, Obedient, is a full-sister to General Staff (\$157,800) and half-sister to Noble Impulse, Colonel O'F and Parnassus. His second dam, \*Uvira II, won the Irish Oaks. Blazing Count will stand for \$250 on a live foal guarantee at the Kingsville (Md.) farm of Dr. G. G. Meredith.

**PROMPTNESS**, br., 1947, by Eight Thirty-Big Hurry by Black Toney.

As a two-year-old Promptness showed considerable promise, defeating the handicap star Bryan G in his most notable performance. He will stand this year for a \$500 live foal guarantee at Mrs. Harry Massey's Churchville (Md.) farm.

**DICTAR**, br., 1950, by Maedic-Larita, by Mr. Bones.

Winner of seven races and \$94,372, Dictar scored in the Providence Stakes, Sport Page and T. M. Dorsett Handicaps. He was second to Native Dancer in the Travers and second to Find in the Grey Lag Handicap. Dictar will stand on a private contract basis at Henry Dentry's Lake Fanny Hill Farm in Bel Air, Md.

**UNBRIDLED, 1949, by UNBREAKABLE,

In the 1953 \$10,000 Gold Cup Prep at Hawthorne, over 1 1/8 miles, UNBRIDLED scored by a head, beating such good performers as Sub Fleet, Smoke Screen, Golden Trend and The Gink in 1:49 4/5, only 3/5's of a second off Oil Capitol's track record. That same year he finished second by a head to Recline in the \$25,000 Illinois Owners Handicap at Hawthorne, over 1 1/16 miles, and won the \$7,500 Glencoe Purse, beating Bugledrums and Oil Capitol over 6 1/2 furlongs. In 1952 UNBRIDLED showed that he could sprint with the best by beating Coffee Money and Spartan Valor by one and one-half lengths, over seven furlongs. In 1949, as a two-year-old, he won the \$20,000 Hyde Park Stakes, at Arlington Park, beating Duchess Peg and Bully Boy over 5 1/2 furlongs in the good time of 1:05 2/5.

## NEW STALLIONS IN KENTUCKY

Frank Talmadge Phelps

Kentucky, which annually accounts for about half of the 50-odd new stallions, has 28 horses scheduled to enter stud this season, according to the best information available by New Year's Day.

Moreover, two other additions to the Blue Grass stud roster are moving there from other states for the 1958 breeding season; and another stallion from abroad will be making his first American stud season this spring.

The list of horses entering stud for the first time in Kentucky includes stallions to suit nearly every taste, in terms of performance, bloodlines and stud fees.

Almost every kind of runner except a classic winner may be found among the Blue Grass State's 28 newcomers. There are leading two-year-olds, prominent three-year-olds, brilliant handicap routers, champion sprinters, hardy performers of a cut less class, and even unraced horses being given a chance at stud on the basis of their sterling pedigrees.

The variety of bloodlines available among the new Kentucky stallions is reflected by the fact that only three sires got more than one member of the 28. \*Alibhai, Bull Lea and \*Nasrullah have two sons apiece.

Announced fees range from \$350 to \$5,500, practically all under some variation of live-foal conditions. Seven of the new Kentucky stallions already have full books for the 1958 season.

Seven of the Blue Grass' freshman studs are owned by syndicates.

All but one of Kentucky's new stallions are located within a 20-mile radius of Lexington. At farms in the immediate vicinity of that hub of the Blue Grass stand 17 of them. Seven more will hold

court at breeding establishments near Paris, 17 miles to the northeast. The homes of three more are situated 13 miles west of Lexington, two at Versailles and the other eight miles farther north at Midway. The other new stallion will stand at Goshen, about 70 more miles to the west.

Two Lexington farms, Darby Dan Farm and the Stallion Station, have three newcomers apiece. Darby Dan will also be the new home of one of the stallions being moved to Kentucky this year.

### W. R. TAYLOE'S HAT TRICK

On Friday, Jan. 3rd at Tropical Park, Fla. in the 3rd race which was a straight chute 2 furlong affair for 2-year-old maidens, Col. W. R. Tayloe, trainer for Ocala Stud Farm, Ocala, Fla., pulled off a neat hat trick with Cri de Guerre. Cri de Guerre is the first 2-year-old colt sired by Combat Boots to win. The race was the first 2-year-old race of 1958 and the entry marked Col. Tayloe's return to training and his first for Ocala Stud.

### TEN POUND ALLOWANCE

In a recent interview with columnist Joe Hirsch, Sunny Jim Fitzsimmons, dean of American trainers, came out strongly for a 10-pound apprentice jockey allowance saying: "There are a dozen riders maybe who are tying up the game. They can ride almost any horse they want, and a lot of times you don't know whether you've got them until the last minute. We have to make more good boys or we're in real trouble. If top riders can't spot a green kid 10 pounds, then they've been taking money under false pretenses. These kids need that kind of edge when they start; five pounds isn't enough. If a boy had 10 pounds, say, for the first 10 or 15 winners, it would encourage a lot of stables to take the time to train them. Maybe they could pick up a pot or two while the boys were learning. If the boys are any account, they could drop back to five pounds for the rest of the 40 winners, or one year. Those that didn't make the grade might become exercise boys, and we need lots more good exercise boys, too. You have to cater too much to the few we have now."

### STEEPLECHASE CROWD

More than 60,000 people crowded Kempton Park, England, the day after Christmas to watch the King George VI steeplechase and five other jumping events, a number of which far outstripped the normal flat racing crowd.

### AQUEDUCT GRANDSTAND

John W. Hanes, president of the Greater New York Association, announced that the contract for the construction of the new grandstand at Aqueduct Race Course has been let to the Caye Construction of Brooklyn, which submitted the low bid of \$12,930,550. It is estimated that total construction costs for the new race track will be in excess of \$31,000,000.

### HANDICAPPER DEAD

The 3-year-old colt Handicapper (\*Endeavour II-Ingall), the property of Mrs. M. E. Lunn's Llangollen Farm, Upperville, Va., and one of the best prospects in the string which she is currently training at Hialeah, dropped dead on December 27th.

### BISHOP STRING

### BRITISH-FRENCH CHASERS

Columnist R. D. Grainger estimates that there are about 3,000 steeplechasers and hurdlers currently running in England and Ireland as compared with about 600 in training in France. British steeplechasing is conducted during the winter when there is no flat racing. Whereas French steeplechasing is conducted during the summer when there is the competition of flat tracks. On the other hand, when the French steeplechasing tracks in the Paris area, Auteuil and Enghien, are operating, the flat tracks in the area are not. Plans are being made to increase purse money at Auteuil in 1958.

### ROSE ROYALE II DIES

Prince Aly Khan's great filly Rose Royale II, one of the best 3-year-olds in Europe in 1957, who ran a disappointing race in the Washington, D. C. International, died suddenly on December 21st, at the Saint-Crespin Stud Farm of an internal abscess, which had obviously been troubling her for sometime.

### GIANTS IN THOSE DAYS

At the Pimlico meeting of 1881, the great race horse Parole won at a mile and at a mile and a half, both in the same afternoon.

### FLAUGHT STANDING IN VIRGINIA

The chestnut stallion, Flought, by Firethorn-Flying Hour, by Galetian, will stand the 1958 season at N. A. Kortlandt's Sunnyside Farm, Rectortown, Va.

Flought is the sire of the stakes winner Famera and the winners Hill Fire, Moolu, The Crawler, Mr. Puddy Cat, Loudoun Lass, Thomas Pepper, etc. A number of his get have been blue ribbon winners as yearlings and two-year-olds at the Upper-ville Horse Show.

He is also an outstanding hunter and show jumper sire. P. B. K.

### DRUG RESEARCH

Under the leadership of D. Eldred Rinehart, chairman of the Maryland Racing Commission and president of the National Association of State Racing Commissioners, the latter organization has pledged a total of \$50,000 from the 25 states where pari-mutuel wagering is legalized, which will be augmented by \$10,000 from the United States Trotting Association. The objectives of this Racing Chemistry Research Fund, Inc. are: "1. To determine the effect of drugs and what happens to drugs in the bodies of racing animals, and 2. To devise means for the detection and identification of such drugs."

### NEW JERSEY RECORDS

Thoroughbred racing in 1957 in New Jersey beat all previous records, the handle being up 2.8 per cent and attendance up 3.15 per cent.

## THE CHRONICLE

### VENEZUELA IMPORTS

U.S. Thoroughbred stock exporters are elated with the news that General Marcos Perez Jimenez was proclaimed President of Venezuela for another five year term, as His Excellency favors the importation of United States bred and developed Thoroughbreds. Official returns gave the Venezuelan Executive 81% of the vote cast. The President is active in plans calling for the building of another big track at Caracas, and there is a lot of United States capital in this venture. B.B.

## Letters to The Editor

Wa Farm for ponies or pleasant business transactions.

We have another Connemara mare, "Rosmuch Surprise", which we have shown successfully this past summer. We used her principally as a pet type pony and she was exhibited in three pet pony classes at the Rocky Hill Fair Horse Show, which is the largest show in Rhode Island. She won two of the three classes and took second in the third. As a result she was pinned pet pony champion of the two-day show. She has been shown as a pleasure mount against horses and has always placed well in these classes, never lower than fourth. Surprise is now in foal to Tureen Laddie, a registered Connemara stallion belonging to Mrs. Charles Chase of Avon, New York. Surprise has been ridden exclusively by our ten-year-old daughter with the exception of the fall show for the younger members of the Green River Pony Club at which she won three jumping classes ridden by Sue and two other youngsters.

We have been raising grade ponies on small scale for several years, but I have yet to find a pony that can compare with the Connemara for a child's mount, whether beginner or advanced.

I enjoyed your articles about new Connemaras in this country and look forward to more news about them. I would enjoy hearing more about different ponies of this breed in this country.

Very sincerely,

Mrs. Henry K. Bouchard

## Chronicle Cover

The famous racehorse and sire Eclipse was bred by the Duke of Cumberland and was sold as a yearling to Mr. Wildman for 75 guineas. He was a chestnut horse (1764) by Marske-Spilletta, by Regulus. When four years old Capt. O'Kelly purchased a half interest in him for 650 guineas and soon after purchased Mr. Wildman's half for 1,100 guineas. Eclipse did not start until

five years old. In May 1769 he won his first race. It was at Epsom, where he beat a field of five. He won nine races that year. He won the same number in 1770, making eighteen races without defeat and retired to stand at Epsom at 50 guineas. He died in February 1789 at the Cannons in Surrey. His fee had been reduced to 30 guineas. A dissection of his remains showed that his heart weighted 13 lbs.

Horizon was his first winner. In twenty-three years Eclipse had 344 winners of 518,000 Pounds. His four sons Mercury, King Fergus, Joe Andrews and Pot-8-Os alone maintained his male line for any length of time. At the outset of his stud career, Eclipse was rather surpassed by his great rival Mr. Tattersall's Highflyer, but eventually Eclipse's stock took the lead of all. Mr. Tattersall always claimed that Eclipse was not a son of Marske, but of Shakespeare, because he had the same white face and legs, whereas Marske was a small brown horse. It was pointed out in reply that Mr. Tattersall was very keen at buying Marske mares to cross with Highflyer.

Eclipse is to be found in every pedigree of Thoroughbred horses. Not only that, but his male lines are maintained intact to this day. The line of Pot-8-Os is the most numerous through his son Waxy, sire of Whalebone. There it divides between Sir Hercules and Camel. The Sir Hercules line reads Birdcatcher, The Baron, Stockwell. Then it descends through Stockwell's male descendants. The Camel line reads Touchstone, Newminster, Lord Clifden, Hampton, and the latter's male descendants. There is also a line from Touchstone (above) reading Touchstone, Orlando, Eclipse, Alarm, Himyar and Domino. The French have a line of Whalebone tracing from Defence thence through The Emperor and Monarque. The King Fergus line of Eclipse reads, King Fergus, Hambletonian, Whitelock, Blacklock, Voltaire, thence to St. Simon.

foal.

Among the horses on New Jersey's stallion roster are a number of good sires who have consistently got good runners throughout the years. One of the seniors on the list is OKAPI, the son of Eternal out of Oktibbena by \*Rock Sand, who is now an elderly 28. On a limited book at owner Charles F. H. Johnson's Bernadotte Stable in Eatontown, Okapi sired the Miss Maryland Stakes Winner of 1957, Kapichan, and the New Jersey Futurity winner of 1957, Kapitor. His get have won over two and a half million dollars, and

he has stood at Bernadotte Farm since 1952.

CASE ACE, Joseph M. Roebing's aging son of the incomparable \*Teddy out of Sweetheart, by Ultimus, has sired winners of over two and a half million dollars in his long career at stud. Case Ace stands at Harmony Hollow Stud, Harbourn, at a fee of \$3,000. His stakes winners include Pavot, Lochinvar, Nance's Ace, and Casemate, who stands at James C. Brady's Hamilton Farms in Gladstone. Casemate is out of Ky. Flash, by Sun Teddy, and he is a stakes-winner and sire of the stakes winners Roommate, Ballyrush and others. In addition to the young Artismo and Casemate, the sire BASIS also serves at

the Hamilton Farm court. Basis is a brown son of \*Bahram out of \*Oasis, who is by Lucullite. He is a half-brother to Landlocked and Landmark, and is himself the sire of three winners in 1956 out of three starters in his first crop of four foals. He stands at a fee of \$500, with private contracts for stakes-winning and stakes-producing mares.

The first crop of Jersey-breds by ENNOBLED, the twelve-year-old son of Count Fleet-Galagay, by \*Sir Gallahad III, who stands at John Fieramosca's Colonial Farms in Scobeyville, will go postward in 1958. Ennobled won, among others, the Gulfstream Park Handicap in the years prior to the handsome purse now offered for that event.

The syndicate-owned FAULTLESS, son of Bull Lea-Unerring, by Insco, has produced stakes-winners in each of his crops. His first Jersey-bred crop will not be of racing age until 1959. Faultless stands at E. H. Ellis' Dhu Varren Farm in Far Hills, where his fee is \$1,500.

MARKET WISE, one of the top horses of his generation, stands at \$1,500 at Louis Tufano's Marise Farm in Eatontown. He won over \$222,000, always carrying top weights and often smashing records. He has sired two winners of over \$100,000 in earnings, and ranks among the highest of New Jersey sires. His son Wise Margin joins him in the stud this year.

SLIDE RULE, Mrs. F. Wallis Armstrong Jr.'s son of Snark out of King's Idyll, by \*Sir Gallahad III, totalled up an excellent average during the 1957 season of racing. His stakes winners include Decimal, Sorceress and Nance's Lad, now

Due to being overstocked, Coleswood Farm offers a rare opportunity to purchase the last of a great family. Two-year-old chestnut gelding by top conformation sire Kitchen Police out of Brave Bonnie, dam of two-time National champion Adventure, Brave War and many other show ring notables.

This colt is sound and in top shape. His true value far exceeds the sacrifice price of \$2500. Don't miss him!

We also have a full selection of yearlings, mostly by Seven League whose foals and yearlings have won their classes at Warrenton (twice), Upperville, Bath County, etc.

at stud in Kentucky. Of Slide Rule's 71 starters, 47 have won; 13 have placed; 3 are stakes-winners and 2 have placed in stakes.

Slide Rule stands at Meadowview Farms, Moorestown, where the syndicate-owned Your Host also stands.

YOUR HOST, by \*Alibhai-\*Boudoir, by \*Mahmoud, stands at a fee of \$3,500, and his book is full for 1958. He is the leading sire in New Jersey in money won, and leading sire of sales yearlings of all sires standing outside Kentucky. He is also the eighth leading American sire of Sales Yearlings among all sires with 7 or more yearlings sold in 1957. Your Host is the sire of stakes winners each year in his first three crops to race. His 1955-foaled, Jersey-bred daughter Wendasy won the New Jersey Breeders' Stakes on October 16 and repeated the feat with a victory in the 1 1/16 Marguerite Stakes at Pimlico on November 16.

#### Tropical Park

For about two decades, Turf enthusiasts have held to the credo that any time you can get better than even money on Calumet, you'd better take it.

Subscribers to this belief went for Fabius on January 4 in the Robert E. Lee Handicap, when they enjoyed odds of 19 to 10, but collected no money.

The situation improved on January 11. In the Tropical Handicap, Fabius' price went up to 5 to 1; still no money, though.

The mile-and-one-eighth race went to Mr. Frank C. Rand, Jr.'s \*St. Amour II, the public choice in the race.

It was one of those races in which the horses take turns on the front end. The Hammer got out of the gate first, but Royal Jester grabbed the lead moments later; then Kingmaker took it, and, after him, Hoop Band. \*St. Amour II was far back while most of the shuffling around was going on. Jockey Willie Lester circled the field and had him in second place and going strongly at the head of the stretch. He rubbed out Hoop Band in a few jumps and drew away to win by 2 1/2 lengths. Manteau came up to best Hoop Band by three-quarters of a length, and Hoop Band had the same margin over The Great Man, which finished fourth.

Bred by Aly Khan, in England, \*St. Amour II is by Palestine, from Lady Dushka, by \*Blenheim II.

The \$45,500 earned by \*St. Amour II puts his 1958 earnings at \$49,500. He was second in the Robert E. Lee in his only previous start since New Year's Day.

Last season he won \$54,125, with 5 victories, 5 seconds and 2 thirds in 20 times out.

Woody Stephens trains \*St. Amour II. Fabius and Gray Phantom shared top-

weight in the 12-horse field at 124. Hoop Band carried 121, \*St. Amour II and Kingmaker each toted 120 and the others scaled from Manteau's 119 down to The Great Man's 105.

#### Fair Grounds

Triple C Stable's \*Gay Vista won the six-furlong Gulf Coast Handicap at the Fair Grounds, on January 11. Rock Pilot was second and Aurecolt, third.

Winner's share of the \$10,000 purse was \$6,500.

\*Gay Vista is an eight-year-old gelding and was bred in Australia. He started racing in this country in November and won 3 races and ran third once before the end of December.

B. Phelps has ridden him in all of his American starts. C. Calvin trains \*Gay Vista.

Mmes. E. Crick and E. Munro bred the gelding.

#### THOROUGHBRED NAMES

The new British Jockey Club Rule to the effect that no racehorse could be entered for or compete on the Turf unless named, was long overdue and welcomed. It would probably have been opposed by the famous Lord Glasgow, who, at Middleham, had perhaps the biggest string in training of any owner of his day. He had a rooted objection to naming his horses, arguing that a horse should not have a name until it had earned one. The result was that he had lots of colts and fillies by the same sires running, thus causing endless confusion. He would not part with any of his bloodstock and had regular shooting days among those which gave no promise. Under great pressure from fellow members of the Jockey Club, he was once induced to identify three of his horses and registered them thus: Give-him-a-name, He-isn't worth-a-name and He-has-a-name. ## GOLD STAR FATHERS

Nothing discourages a horse player, not even the asterisk before a stallion's name. Shown one, Joe Frisco, one of the most famous horse players in show business, was asked what it was and without missing a stutter replies, according to Leonard Lyons, "It mmmmm-means that the hhhh-horse has a sss-son in the sssss-service."

## "HAVE WE LOST A STAR...."

(Miss Helen Lee sent us the following clipping from a London newspaper.)

Dawn Palethorpe, Britain's 21-year-old show jumping star announced her engagement to American show jumper Warren Wofford, also 21, of Rimrock Farm, Milford, Kansas.

Last night the British Show Jumping Association who have watched Dawn grow into one of Britain's brightest Olympic hopes were making a few anxious inquiries ..... about nationality.

It could be that Mr. Wofford, youngest of a family of famous show-jumpers, has captured not merely a bride, but also a jumping team.

Major David Satow, an official of the association told me: "The position is complex. It looks as though Dawn could live in America and retain her British nationality. IT'S UP TO HER. Or on the other hand, there would be nothing to stop her taking American nationality if she wished. In which case she could not ride for Britain in the Olympics - or any international show."

The choice, obviously, is Dawn's.

Yesterday she was staying with her fiance and his parents at their spacious Kansas farm. She is on a show jumping tour of America and Canada with Pat Smythe.

So it was left yesterday to Dawn's mother to make the engagement announcement from her Worcestershire home at Blakedown near Kidderminster.

"Everything is in a bit of a whirl," she told me. "I only came back from America myself on Tuesday. But their future plans are still uncertain."
